Applications:

Used CAT Excavators

The Used CAT Excavators are heavy duty excavators manufactured by the renowned brand Caterpillar. These excavators are designed to provide efficient and high-performance digging capabilities for various industries such as construction, mining, and agriculture. The model number for this particular excavator is 307E and it is imported from America.

The Caterpillar brand is well-known for its reliable and durable construction equipment, and the 307E model is no exception. It is a second hand excavator, which means it has been previously used, but it is still in excellent working condition. This makes it a cost-effective option for businesses looking to expand their fleet of excavators.

The Used CAT Excavators are perfect for a variety of applications, including excavation, digging, trenching, and material handling. They are equipped with a 0.33m³ bucket capacity, which allows for efficient and quick loading of materials. The fuel tank can hold up to 135L of diesel, ensuring long hours of uninterrupted operation without the need for frequent refueling.

One of the main advantages of using a Caterpillar Excavator is its working weight of 7023kg. This weight enables the excavator to handle heavy-duty tasks with ease, making it ideal for demanding job sites. The excavator's maximum digging height of 7240mm also allows for deep digging and reaching higher areas, providing versatility and flexibility in various working conditions.

The Used CAT Excavators are suitable for both small and large-scale projects, making them a valuable asset for any construction or mining company. They are designed to withstand harsh working environments and can handle tough terrains, ensuring smooth and efficient operations. With its superior performance and reliability, this excavator is a popular choice among contractors and operators.

In conclusion, the Used CAT Excavators are a top choice for businesses looking for heavy duty excavators. With its brand name, Caterpillar, renowned for its quality and performance, and its specific model number, 307E, this excavator is guaranteed to provide exceptional results. So, whether you are in the construction, mining, or agriculture industry, the Used CAT Excavators are the perfect solution for all your digging needs.
